Course Prefix and Number: CIT 121
Credit Hours: 4-4-0

Course Title: CCNA I

Course Prerequisites: CIT 101

Textbook(s) and Materials: This course will utilize the learning modules and materials provided by the Cisco Networking Academy through https://www.netacad.com.

Course Description: This course introduces the architecture, structure, functions, components, and models (OSI and TCP) of the Internet and computer networks. The principles of IP addressing and fundamentals of Ethernet concepts, media, and operations are introduced to provide a foundation for the curriculum. By the end of the course, you will be able to build simple LANS, perform basic configurations for routers and switches, and implement IP addressing schemes. This class will help prepare students for the first part of the CCNA exam, ICND1.

Learning Outcomes:
At the end of this course, the student will:
   A. identify details of each layer of the OSI model;
   B. recognize network topologies and functions; and
   C. explain the IP addressing scheme.

To achieve the learning outcomes, the student will or will be able to:
(The letter designations at the end of each statement refer to the learning outcome(s).)
   1. memorize the layers of the OSI model and what their functions are (A);
   2. recognize network segmentation with switches and routers (B);
   3. identify the devices used for networking and how they function (B);
   4. explain the IP addressing scheme as it relates to routing (C);
   5. convert decimal numbers to binary numbers (C); and
   6. troubleshoot basic networking problems (A,B,C).

Course Requirements:
1. The final exam for this course is required to be taken on campus or an approved proctored environment.
2. A student must successfully complete the course with an average of 70% or above on the combined learning outcomes.
3. Each student is expected to attend classes regularly; excessive unexcused absences constitute grounds for suspension (refer to the student handbook for attendance policies).

Course Grading Scale:

Revised: 04/03/2017
Attendance Policy: The college attendance policy is available at http://www.bpcc.edu/catalog/current/academicpolicies.html

Course Fees: This course is accompanied with an additional non-refundable fee for supplemental materials, laboratory supplies, software licenses, certification exams, and/or clinical fees.

Nondiscrimination Statement: Bossier Parish Community College does not discriminate on the basis of race, color, national origin, gender, age, religion, qualified disability, marital status, veteran's status, or sexual orientation in admission to its programs, services, or activities, in access to them, in treatment of individuals, or in any aspect of its operations. Bossier Parish Community College does not discriminate in its hiring or employment practices.

COORDINATOR FOR SECTION 504 AND ADA
Angie Cao, Student and Disability Services Specialist
Disability Services, F-254
6220 East Texas Street
Bossier City, LA 71111
Phone: 318-678-6511
Email: acao@bpcc.edu
Hours: 8:00 a.m.–4:30 p.m. Monday - Friday, excluding holidays and weekends.

Equity/Compliance Coordinator
Teri Bashara, Director of Human Resources
Human Resources Office, A-105
